INTRODUCTION AND PURPOSE

The Mississippi Association of Community and Junior Colleges (MACJC) represents the collective interests of Mississippi's fifteen public two-year colleges. This Association was chartered, in part, to provide a framework for the development and administration of policies and procedures related to the governance of student activities at the various institutions.

It is the belief of the MACJC membership that a well-rounded program of student activities greatly enhances the total development of the individual student and promotes the fulfillment of the purpose of the various institutions. The benefits of such activities prepare students through the development of discipline, teamwork, sportsmanship, fair play and other virtues essential to success in life.

The Association supports the wholesome benefits of inter-school competition in athletics and other student activities. Through this shared vision of the institutional and collective benefits of a progressive program of student activities, the MACJC seeks to offer competitive programs that are established and maintained based on a high standard of ethics and fair play.

To this end the Association has developed and approved the following policies and guidelines to insure fairness and equity to all students and institutions participating in activities sanctioned by the MACJC. The rules and regulations contained herein have been established as a guide for the administration of student activities sanctioned by the Association. Participating institutions shall be entitled to all privileges of membership granted through the constitution and by-laws of the Mississippi Association of Community and Junior Colleges (MACJC).

In cases involving the participation of an ineligible player(s), a team shall forfeit those games in which the ineligible player(s) took part.

Article XXI. COACH OF THE YEAR

Recipients of "Coach of the Year" awards for each sport shall be selected by the respective coaching association.

Article XXII. ANNUAL BUSINESS MEETING

The Commissioner and Athletic Directors shall schedule an annual business meeting of all coaches prior to state tournaments to make schedules, review recommendations for rules changes, and revise current practices.

Article XXIII. HALBROOK AWARD

MACJC colleges compete annually for the David M. HalBrook Award, an award for academic achievement. The winner is determined based on the number of athletes who graduate or complete at the college during the year.

Article XXIV. MEETING TO CONSIDER ATHLETIC MATTERS

The MACJC will meet only once a year for the purpose of considering athletic recommendations. The annual meeting shall be held on the day before the regularly scheduled January monthly meeting and devoted solely to athletic matters. All changes or revisions of rules will require a majority vote of the Association. Athletic matters will not be considered at any other time during the year unless approved by the MACJC Executive Committee and the Association.

The Executive Committee will only consider a request for this exception received by the Commissioner in writing at least seven (7) working days prior to the next regularly scheduled Association meeting. Consideration for an exception to the limitation to the annual meeting may be given only if the following criteria are met.

- a. Such request for a matter(s) to be heard at a time other than the officially designated annual meeting shall comply with the following stipulations:
 1. A specific reason must be given as to why the matter proposed for consideration could not be taken up at the designated meeting time.
 2. The request must be signed by the athletic director and president of the college making the request.
- b. A matter(s) will be taken up by the Association when:
 1. The Executive Committee, by majority vote recommends to the Association that the matter under consideration be placed on the agenda.
 2. The Association by majority vote endorses the recommendation of the Executive Committee.

All matters approved by the Association become effective the following school year unless specified as "effective immediately".

MACJC Athletic Directors will not consider rule recommendations from individual sports that do not have a majority of MACJC colleges supporting changes.

The present grandfather clause as stated in Article II. Section 4, would cover any teams/players adversely affected by rule changes.

(NOTE: An item/recommendation that has been tabled may be brought up in subsequent meetings without meeting the stipulations of this policy.)
